

Patient and Family Advisor Application Form

When you or a loved one was in the hospital, did you think there were things we could have done better? Do you have ideas about how to make sure other patients and families get the very best care possible? At Sacred Heart Hospital and St. Joseph's Hospital, patient and family advisors give us feedback and ideas to help improve the quality and safety of care we provide. The Patient and Family Advisory Council has groups specific to both Sacred Heart Hospital and St. Joseph's Hospital. These groups meet each month for 1 ½ hours to review educational materials, work on projects, share feedback, and provide ideas to help to continue to improve the experience all patients have at our organizations. If this sounds like something you would enjoy, please consider applying to join the group!
